

Assignment 1

1. Write a Menu driven shell script to perform addition, subtraction, Multiplication and Division operators.

```
#!/bin/bash

echo "Enter 2 numbers."
read num1
read num2
echo "Press 1 for Addition."
echo "Press 2 for Subtraction."
echo "Press 3 for Multiplication."
echo "Press 4 for Divison."
read choice

case $choice in
1) echo "$num1 + $num2" | bc;;
2) echo "$num1 - $num2" | bc;;
3) echo "$num1 * $num2" | bc;;
4) echo "scale = 2; $num1/$num2" | bc;;
*) echo "Please try again.";;
esac
```

Output:

```
[root@localhost ~]# bash Assignment-1.sh
Enter 2 numbers.
12.4
12.7
Press 1 for Addition.
Press 2 for Subtraction.
Press 3 for Multiplication.
Press 4 for Divison.
3
157.4
```

2. A directory contains several files and subdirectories. Write a command or script to:

- Create a directory and subdirectory.
- Create a .txt file using cat command
- Make a copy of it, rename it
- Set read/write/execute for owner and read-only for group/others
- List all files in the directory with owner, group and others rights.

```
unnattigogna@Unnattis-MacBook-Air ~ % mkdir unnatti
unnattigogna@Unnattis-MacBook-Air ~ % ls
